Dear Dr. Garcia:

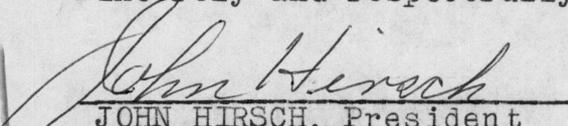

It was certainly a great pleasure and honor visiting with such a distinguished and accomplished "Gentleman and Leader", such as you are.

I note with great interest the achievements and goals of the G. I. Forum as published in the newspaper media of this great organization. Being of Mexican-German extraction, and being engaged in extensive union activities in the Southwest and a member of the LULAC'S, I am fully aware of the numerous problems confronted everyday by many of the people in this ethnic group, and I personally feel that if it were not for such organizations as the G. I. Forum - the tremendous strides in eliminating the "Cancer of Discrimination" would have been in vain.

I have this day written our good friend Richard Perez of the Corpus Christi Post Office, thanking him for affording me the opportunity of making your acquaintance, and I am enclosing herewith my application for membership to the G. I. Forum.

Looking forward to meeting with you again in the near future, and with warmest personal regards, I remain

Sincerely and respectfully,

  
JOHN HIRSCH, President
