United States Senate
Office of the Democratic Leader
Washington, D. C.

June 9, 1956

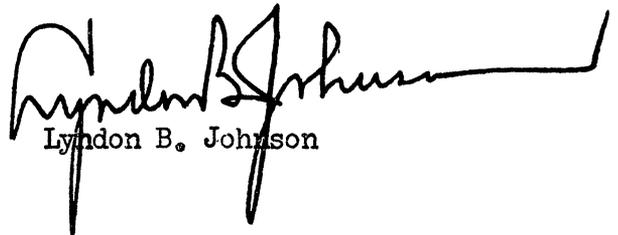

Dear Friend:

I have reviewed very carefully your detailed letter of June 6th with further reference to the difficulties you are experiencing in getting reinstatement as a Painter at the Naval Air Station in Corpus Christi. I have also read with interest your statement as to the situation that exists there. I am going to again get in touch with the authorities here in the further interest of your employment problem and also ask for a full and complete report as to the conditions you describe.

I will watch the situation closely and the moment some word is available, I will write you again.

With continued good wishes, I am,

Sincerely,

Lyndon B. Johnson
