Dear Dr. Garcia:

I resigned from the District Attorney's office last February and made an unsuccessful race for justice of the peace. As of last May I have been in private practice. However, I have the opportunity to get a fairly good position here in San Antonio with the United States Department of Immigration and Naturalization.

May I impose upon you to direct a letter to the District Director, the Hon. John Holland, exulting about my virtues, moral character etc.?

Very truly yours,

Richard M. Casillas
