Dear Dr. Garcia:

Am most pleased to learn of your recovery from recent surgery. That was very good news. Our community, and our thousands of veterans are indeed fortunate to have someone such as yourself looking out for their interests.

Your being presented with the Medal of Freedom by the President is ample evidence that there are many, many others who feel as supportive of your good works as do I and I am very pleased that the nation has honored you with this tribute to your leadership of the American GI Forum of United States of America.

Congratulations on the Forum's 37th successful year and please give my good wishes to all who are attending your Founder's Banquet.

Best personal regards.

Sincerely,
