

My dearest doctor Garcia,

First of all let me remind you of who I am. I was Miss California G.I. forum in 1979 and Mariana Jinoco was my chaperone.

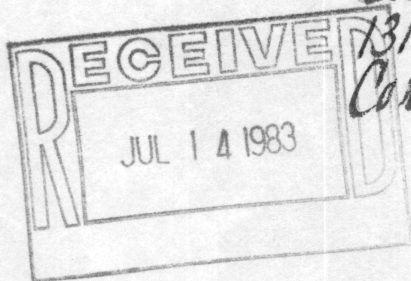

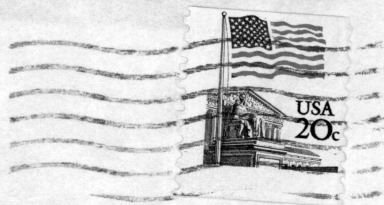

I'll never forget you, because you motivated me and inspired me tremendously. The first time I met you was in San Jose, and I've remembered you since.

Well Doctor, I've now graduated from Sacramento State University with a Degree in Political Science. I'm 21 years old, and I'm getting married in a few weeks. I plan to continue going to school until I receive my Masters Degree.

I wish so badly for your most honored presence at my wedding. I would then be the happiest bride if my most treasured person could be there. Mariana Jinoco is a Madrina in my wedding and we would both love you to be here.

I will always be thinking of you Doctor, and please think of me. I love you and may our Good Lord continue to Bless beautiful persons like you. I'll keep in touch.

Love You Always -
Leticia Corral
