Friday P.M.

Dear Dr Garcia - I was in Cuba this past summer. The highlight for me was visiting the Casa de las Americas and its president. When it was time to leave he invited me to make a choice of some of the books and plays that had received the Casa prize over the years. When he showed me the enclosed my mind went immediately to you for it was you, along with my grandmother, that pierced the Texas textbook lore of "Manifest Destiny".

With best wishes to you and your family  
Sissy Farenthold
