CITY REPRESENTATIVES

D. Bob Henson, City Manager of Nederland

RECEIVED
APR 3 - 1974

Division of
COMPREHENSIVE PLANNING

Meeting lasted about two hours:

Mr. McDonald stated that Mr. Wasser's quotes from the Department of Community Affairs were incorrect and in error; that, actually, we would be funded for our Phase III planning, however, the maximum amount is at present unknown and will probably not be all that our lists of priorities suggested. He added that we (the three cities) would decide what we wanted; although, after he had left the meeting Mr. Reyes indicated a negative opinion of such.

In addition, we three reviewed our requests, elaborated, and offered justifications for each request.

I am confident that we will proceed on this basis.

Paul: This simply will not do! a... will.

Bob
