Dear Mr. Garcia:

The Department of Transportation (DOT) is proposing the development of an applicant resource guide. This guide will provide a listing of all on-line information service databases of potential applicants for employment throughout the country. This guide is intended to assist personnelists, managers, and supervisors in identifying and considering a wide range of diverse, qualified candidates for vacancies throughout the Department.

We are interested in identifying on-line information services that will link DOT and educational, professional, and technical communities to facilitate the employment of the best qualified candidates. We are also interested in identifying systems that provide accurate and timely information at a minimum cost.

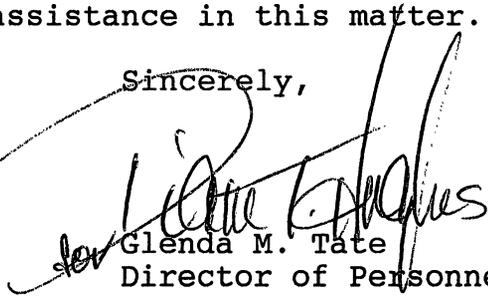

To assist us in the development of this guide, please complete the enclosed questionnaire regarding the availability of on-line information systems in your organization. Completed questionnaires should be returned by September 1, 1992 to:

Ms. Dorothy Walker
U. S. Department of Transportation
Office of the Secretary
400 Seventh Street, S.W., Room 10312
Washington, DC 20590

If you have any questions, please feel free to contact Ms. Walker on (202) 366-1927.

Thank you for your assistance in this matter.

Sincerely,

Glenda M. Tate
Director of Personnel
