Dear Dr. Garcia:

I enjoyed talking to you a couple of days ago concerning the hiring of Alvin Flores. The situation has been resolved and he will begin with TDA in January 1985.

Also, I want to keep you informed on the developments of the pesticide regulations, so I have attached the latest press release announcing the TDA public hearings. We appreciate your support on this issue.

I will be in Corpus Christi on November 4; hope to see you there.

Best regards,

JIM HIGHTOWER
