Dear friend, Doctor Garcia -

I have planned to be among
those who honored you, but
I could not.

Please know I agree and
concur with everything said
about you.

You are truly a great man,
and I appreciate so much
the honor of knowing you -

Very
sincerely
Honored

one of the best times I remember
is when I dropped by your
office — during a campaign —
and I was very hoarse —
and you gave me a shot
of something and so I
could continue the campaign
speaking
your help on CCSU, which
I was so proud to get through,
and all the other times you've
helped will never be forgotten.
your friend
