Dear Ed:

We are now on our way to the meeting. Tellez and Flores left Sunday. I am leaving Monday morning. We hope to keep you posted. If there is anything important that you can think about, be sure and call Rudy Ramos.

We are possibly be staying at the Mayflower, although I am not so sure right now.

I was able to get Agustin Flores appointed to the committee and I think this was a great move.

I want to thank you again for the copy of the letter that you sent me to Bob Sanchez. I still think that Bob act a little unusual at times. I was trying to be nice and complimentary at times when he deseved to be complimented.

I am still not so sure about this fellow, Ed Byles. I will check on him when I get to Washington.

Que Dios Te Bendiga.

Yours Truly,

Hector P. Garcia, M.D.
