Dear Dr. Pycior:

Margaret MacKinnon of our Archives staff has told me of your interest in coming to C.C.S.U. to use the Garcia Papers in your research leading to the publication by the University of Texas Press of a book on Lyndon Johnson's political relationships with Mexican Americans. It is my understanding that you will be interviewing Dr. Hector P. Garcia and that Dr. Hector has authorized your use of his papers in your research and publication.

If you plan to be in Corpus Christi during the week of June 19th, Margaret assures me that she will be available to assist you in searching the Garcia Papers. With that, we will be pleased to welcome you to the University Archives to pursue information bearing on your topic.

Sincerely,
