Commissioner Vicente Ximenes
Equal Employment Opportunity Commission
1800 G Street, N.W.
Washington, D.C.

Dear Commissioner Ximenes:

I have been to Doctor Hector P. Garcia's office. The purpose of my visit to his office was to obtain a photograph where he is with President Lyndon B. Johnson. As you may remember, the American G I Forum, Doctor Hector P. Garcia, and you made it possible for Domingo Pena and his Troupe of entertainers go to Vietnam. I, "Cantinflitas" was one of the entertainers.

I am grateful that the American G I Forum helped make this possible and now I plan to make a standard with Doctor Garcia's picture where he is with the President of the United States. I would like two of your pictures, one where you are pictured with Doctor Garcia at the United Nations and another where you are with President Johnson.

; I want to have your picture on the standard also. This cloth standard I will show to the public wherever I perform to show the people who made our trip to Vietnam possible. Naturally, I will do this with the approval of the American G I Forum Doctor Hector P. Garcia and your approval. Please let me know and if you approve send me your photographs to my enclosed address. Thank you again very much for making it possible for our visit to Vietnam to visit and entertain our brave fighting Mexican-American men fighting for our Country as well as all of the American soldiers.

Sincerely,

Mr. Jesus M. Chavez (Cantinflitas)
