open our letters & so far I been ne-
gative & I sure wish I could or either for
my quarentine to be ~~release~~ & be tran-
sfer to Hill top hosp. I know I did
 wrong in getting
out of the hosp.

I'm negative + still haven't got my
permissions to go out side like some
of them they got out side permissions

of oct. you see I was living with a
man by the name of Alvan Espargza + we
both are here but we sure like to be

this place looks. we can't even take
pictures here with our cameras. please
