Dear Dr. Garcia:

The Ex-Students' Association is in the process of updating our files on prominent alumni. It has been several years since we have obtained your biographical data, particularly information about your business, community, and University of Texas activities.

We would appreciate your taking the time to fill out the enclosed biographical form at your earliest convenience. If at all possible, we would like to have this form back by **January 8, 1988**. You may send a current vita if you prefer, but please fill out any information on the form which is not included in your vita.

Texas Exes like you, who have excelled in their chosen field of endeavor, are a great source of pride to The Ex-Students' Association and The University. We look forward to hearing from you soon.

Best personal regards,

Roy Vaughan

Dear Dr. Hector,

I shall always remember with humility and honor the recognition which you and the G.I. Forum have bestowed upon me. My small contribution pales next to that amassed by you over the period of a lifetime.

Let us hope that together we can all bring the U.S. English movement to a dead halt.

We love you—
Guadalupe Rangel
