Mr. Carlos Rivera
Bureau For Latin American Agency
For International Development
Department Of State
Washington 25, D. C.

Dear Mr. Rivera,

Sorry to have missed you this past week-end in Corpus Christi, Texas, for I'd liked to had spoken to you personally. By the time I discovered you were in town it was too late, because you had already left for Washington. I hope your trip here was very successful.

Mr. Rivera, since your phone call shortly after my personal interview with you and Mr. Ximenez in Dr. Hector Garcia's office, I haven't heard anything one way or the other concerning my application. The opening under consideration at the time was one with Naval Procurement.

As you recall, Mr. Rivera, I am a graduate of The University of Texas, School of Business Administration. Majored in International Trade with Latin American Countries and minored in Economics. A veteran of World War II and the Korean War. Have had approximately thirty years experience meeting the public in the retail grocery line, and for the past fifteen years have been managing a grocery super market.

Would you please inform me as to whether or not my application is still being considered. I am certainly interested in any present or future opening which you feel best suited for me.

Respectfully yours,

Oscar Del Rio
