Corpus Christi, Texas 78405

Dear Dr. Garcia:

Thank you very much for your letter to the editor that spoke kindly of the manner in which I approached the resolution of Dr. Archer's hyperbaric chamber controversy. Your words mean more to me than a personal compliment. I believe it is crucial that all of our citizens have confidence in the judicial system to obtain rights and privileges extended by the government, and to protect their constitutional rights. A letter from someone of your stature in the community adds very significantly to the effort I am making.

Respectfully yours,

HAYDEN W. HEAD, JR.
