Dear Doctor:

I was pleased to have had an opportunity of meeting you personally and reaffirming the Washington Chapter's desire of cooperating in every possible way toward the goals of the Forum. The national convention was a rewarding experience and I am hopeful that our Chapter will be able to play an even more active role at future gatherings.

Please do not fail to call on our group for help on any missions of benefit to the people we seek to serve.

Sincerely,

Robert A. Reveles
