Dear Mr. Rocha:

Thank you for contacting my office with regard to the 30th Anniversary of Los Aguilares. Please convey my most sincere congratulations to them for their contributions to our culture and to the industry.

The importance of promoting and cultivating our traditional music sometimes is forgotten. We must all strive to educate our children, and their children, on our heritage and the importance of maintaining and developing it. La musica de Los Aguilares and their many contributions is a prime example of the unselfish commitment of our artists in this very important endeavor.

Again, by my most sincere congratulations and best wishes for many more years of success.

Sincerely,

Albert G. Bustamante
