Dear Doctor Garcia:

I am sending you a copy of the tape on the program which made a reference to you and other persons Tuesday night. As you know we certainly regret the unfortunate remark and you have our apologies.

The statement was totally unexpected and coming from a teen-ager we hope you do not attach any importance to it; however, if you wish to make a response our offer of fifteen or thirty minutes in which to do so is still available to you.

Trusting that this incident will have no effect on our personal acquaintanceship of many years, I am,

Yours very truly,

Charles W. Rossi
