Re: Gilbert Cerda
Corpus Christi, Texas

Dr. R.R. Hinojosa Smith
Vice President and Dean
A & I University
Vice Chairman Student Academic Affairs
Kingsville, Texas

Dear Dr. Hinojosa Smith;

Gilbert Cerda is a friend of mine and a very serious person who has gone to college with great sacrifice. He is married and has one child. His wife is about 6 months pregnant. His wife is not employed. His problem is that he was told by Dr. Peacock that he could finish and get his degree by August of 1977. He is going to summer school also.

However, suddenly he is told that he cannot get his degree. This means he would have to go in the fall because of the 3 hours he would be needing. He would like to take all 18 hours and finish.

He will explain to you. Please try to help him. I greatly appreciate your assistance. Thank you.

Su amigo,

Hector
