Director of Tuberculosis Hospitals
4405 Lamar Street
Austin, Texas

Dear Dr. McShane:

Thank you very much for your prompt and informative letter of September 23rd.

When Dr. Garcia wrote to me I, quite frankly, was at a loss to know exactly what to do and how to proceed. For that reason I took the liberty of appealing to Mr. Poling who always has been most helpful. Now I realize that was the wisest thing I could have done.

I have written Doctor Garcia and I am enclosing a copy of my letter to him.

In the meanwhile, I reiterate my deep and sincere appreciation for your help and cooperation.

Very sincerely,

Henry B. Gonzalez
