Dear Dr. Garcia:

This is just a word of personal thanks for taking the time from your schedule to visit with me last Saturday. I continue to have the personal faith that the problems and oppression which seem to continually press from all sides will ultimately be resolved in the most satisfactory manner. They have prepared me in a very unique way to understand the daily difficulties which so many of our people experience at the hands of those who control our government, notwithstanding that we live in the greatest country in the world.

You continue to be an inspiration for all of us. Needless to say, I would appreciate your prayers.

Kindest, personal regards.

Very truly yours,

Donald B. Yarbrough
