SIR: Here is the copy of the letter from Oscar Acosta which I agreed to forward to your office.

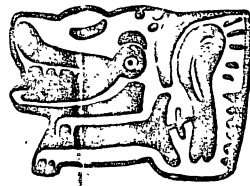

Dr., the advice you gave us when you came to San Jose: "CUIDENSE CON LOS VENDIDOS!" was about the best piece of advice we Forumeers have heard around here in a long time. The vendedos who do not want Chargin to be embarrassed by the American GI Forum and other groups for the remarks that he made on Sept. 2, are now ~~XX~~ coming out of the woodwork. My wife has gotten suggestions by telephone and personally that "you know the GI Forum can be sued for what Dave is putting in The Forumeer", etc. but personally I think the Chargin thing is getting ready to bust wide open. ~~Congress~~ Assemblyman Alex Garcia of Los Angeles says he will start impeachment proceedings no later than Thurs., Jan. 29, if nothing is done by then and generally the organizations are again getting off their asses after going to sleep on the whole matter for over a month. The only consistent voice has been The Forumeer and I know the pressure is going to be put on me to knock it off. I have already heard some of it. **IT WILL GET WORSE BEFORE IT GETS BETTER!**

Dear Editor:

I've been requested to assist in the hearing before the California Judicial Council on the issue of the removal of the San Jose Judge who slandered the Chicano in September of 1969.

The Council wants to know if the bigot's remarks have caused our community to "lose faith in the judicial system."

If your paper has run any articles, editorials or letters on the issue, could you immediately forward me a copy? The hearing is scheduled to commence in two (2) weeks and any material you provide will be of invaluable assistance.

Justicia,

OSCAR ZETA ACOSTA,
Chicano Lawyer
