

August 31, 1985

Dear Doctor Garcia,

Hi! How are you feeling? I'm & hope. I hope you could remember me. I am the young man who spoke during the state meeting held at the Texian Inn in San Antonio, Texas April 27, 1985. I was the one who spoke about culture, history and how important it is in my opinion for today's youth to know it.

I was wondering after all the commotion I stirred up among other American L. L. Forum members if I could possibly speak again. I feel I owe it to them. I ask though for the permission.

Sinceramente
Su amigo,
Elija Alva Flores
