Dear Dr. Hector,

Thank-you for stopping by to visit during your trip to Austin. I hope your stay was a pleasant one. I also want to thank-you for allowing us to have a small reception in your honor. The impression you make with the young people will help guide them as the future leaders of Texas and these United States.

Thank-you also for the cap. I am sure I will get alot of use out of it on Corpus' golf courses.

Sincerely,

Arnold Gonzales
