Dear Dr. Garcia:

The College of Social and Behavioral Sciences is interested in gaining more information about your program.

We have approximately 4,000 students in our college and it is divided into eight departments: Anthropology, Economics, Geography, Government, History, Linguistics, Psychology and Sociology. Specifically, we would like to expand the fellowships and scholarships available to our Chicano students. We would certainly appreciate any information and help you are able to extend.

Sincerely,

A handwritten signature in cursive script that reads "Teresa B. McCaslin".
