703 MISSOURI  
COLUMBIA, MISSOURI

Dear Dr. Garcia;

Was surely glad to hear from you. I don't know what's going on in valley politics but I know there'll be changes. Is Benavidez running?

Am enclosing a clipping from the local paper. I meant to write sooner for advice on bills but time crept up so fast that made it practically impossible to do so. I have a few clippings of importance to you which I will send as soon as I get back from D.C. Regards to all, which of course includes the girls.

Lozada  
Please pass on to Bob & Ed at McAllen. Will write soon.

# Students Plan Peace March On Washington

One Columbian, Howard L. Davis, 502 Manor Dr., will be among a group of University students visiting Washington, D. C. next weekend to participate in "Washington Action Project 1962" sponsored by the Turn Toward Peace organization.

Turn Toward Peace, an organization searching for alternatives to present U. S. foreign policy, has issued a nationwide appeal for 1,000 students to demonstrate Feb. 16-17 in Washington to create a political atmosphere in which alternatives to the arms race can be seriously considered.

Other students planning to attend are Russ Goddard, Overland; James Hamilton, Marshall; and Froben Lozada, Donna, Tex.

The group will leave early Feb. 15 from St. Louis by chartered bus, and arrive in Washington Feb. 16. It will leave Washington Feb. 17, returning to the University Feb. 18.

On Feb. 16 students will picket the White House and other government buildings. Delegations will visit individual congressmen.

Picketing will continue on Feb. 17 as special delegations visit every Washington foreign embassy. That morning, the students will march to the White House for a demonstration. The final event will be a major rally late that afternoon with keynote speakers.

Goddard said, "Money has been collected from concerned individuals in town to pay part of the group's expenses for the Washington project."

Other groups co-operating with the Turn Toward Peace Project are The National Student Committee for a Sane Nuclear Policy, the National Student Peace Union, Students for a Democratic Society and the Fellowship of Reconciliation.
