

May God Restore
Good Health to You

Just thinking of all
that God gives us
From His precious
and limitless treasure—
A world full
of wonder and beauty,
Comforts and joys
beyond measure...

Dr. Garcia,

A prayer
that God will
grant you strength
With every passing day,
And soon will send
the blessing
Of much better health
your way.

Our prayers for a
speedy recovery are
with you, Doctor.

Just thinking of all
that God gives us—
Friendships to brighten our way,
And with every new dawn,
the great blessing
Of a brand-new
and beautiful day!
