Dear Miss Angel:

I have just talked to Dr. Hector Garcia about the possibility of your appearing on one of our luncheon programs with a brief talk, and he said you would be happy to do so. I'm delighted!

We have you down for an eight minute talk on "Youth Looks Ahead" on the program for the luncheon Monday noon following the opening general session. You may talk on just about anything you wish. For example, you might give us your thoughts on what this conference should accomplish and what your hopes are for the future as far as young people are concerned.

I'm sorry we can't give you more time, but we have limited time available, and we also believe that most audiences, especially young people, don't appreciate long speeches.

Please send a biographical sketch for purposes of introduction, and please don't be modest.

I look forward to meeting you.

Sincerely,

Walter H. Richter, Chairman
Governor's Steering Committee
White House Conference on
Children and Youth
