Ms. Rene J. Ramirez
Nueces County Community Action Agency
3105 Leopard Suite #1
Corpus Christe, Texas 76404

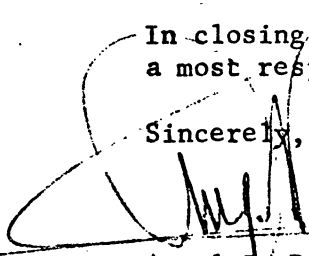

Dear Mr. Ramirez:

I am pleased to inform you that your proposal for the Title X Job Opportunities Program has been received, reviewed in accordance with the standards established by Secretary of Commerce; and recommended to the Economic Development Administration (EDA) for their consideration and possible funding. Enclosure (1) indicates the specific proposal(s) forwarded on your behalf by CSA and the dollar amount recommended.

More than a thousand proposals totaling more than \$450 million dollars were submitted by our grantees. Our recommendations to EDA totaled approximately \$200 million dollars. While we are aware that the Job Opportunities Program has but 375 million dollars available, we are confident that the high quality of applications recommended by CSA demonstrates the ability of CSA and its grantees to do an effective job in carrying out the intent of Title X. Rogers Morton, Secretary of Commerce, stated in his letter to Mr. Gallegos that the Department of Commerce would complete its review of the applications and make funding allocations by October 15. We are hopeful that a substantial number of our proposals will be selected.

In closing, I would like to congratulate you for developing a most responsive proposal within such a short time period.

Sincerely,

Angel E. Rivera
Acting Deputy Assistant Director
for Operations
