March 3, 1965

Dr. Hector P. Garcia Founder, American G I Forum 3024 Morgan Avenue Corpus Christi, Texas

My dear Hector:

You are very kind to write as you did on February 24th. Your letter, as a matter of fact, is the most considerate one I have received in this regard.

Concerning the bracero program, certain news accounts of my work in Mexico seem to have left the erroneous impression that I was trying to get the program revived. This is not true. The enclosed copy of my letter to Bob Sanchez, and the enclosed copy of the report which I prepared and delivered in behalf of the U. S. Delegation will clarify that impression.

Please give our regards to all of your family and to our other good friends in Corpus Christi such as Tony and Willie Bonilla.

Every good personal wish.
