Dr. Hector P. Garcia Founder American G. I. Forum 1315 Bright Street Corpus Christi, Texas 78405

Dear Dr. Garcia:

Thank you for your letter of July 20 and I have been made aware of the difference between the Children's Heart Program of South Texas and the Driscoll Hospital. Representative Hugo Berlanga wrote me a most comprehensive letter that did explain the situation.

I can assure you that we are still looking for money for the program and will do our best that it is completely funded.

I appreciate very much your interest and your kind letter.

Sincerely,

William P. Clements, Jr.

Governor
