Dr. Richard Tamez  
Felix Trevino  
Dr. Tomas Uribe  
Cynthia Warrick  
Mary Nan West  
Jack Wysocki

When one thinks of expressing appreciation to a public servant of the calibre of Henry Cisneros, the reasons abound: endless hours of accessibility to the public; more time in preparation and study; precious moments away from children and family. Beyond all of these however, we who chair this event invite you to join us in thanking Henry for the pride his service — his excellence — brings to the city and to each of us in turn.

With Henry Cisneros as Mayor, our pride in our city — our All-America City — has become a basic resource as powerful as land or capital. That pride, in our past and our potential, is the basis of newfound hope in the future for all our citizens. Most importantly, with that hope, we are all gaining ample reason and opportunity to respect and trust each other.

Henry Cisneros and his family are catalyst, product and symbol of this renewed spirit of San Antonio. In recognizing and appreciating them, we recognize and affirm the role that each of us must play in the pursuit of excellence for this old and revered San Antonio de Bejar.
