Dr. Hector Garcia
1315 Bright
Corpus Christi, Texas 78405

Dear Dr. Garcia:

Every three years, the radio and television stations in the United States are required to relicense with the Federal Communications Commission. Part of the responsibility in relicensing is to ascertain community problems and propose definite aid in alleviating these problems.

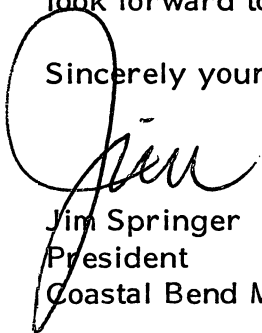

Ten radio and television stations in the Corpus Christi area would like to invite you to visit with us on Thursday, February 28. We are asking that you take a few minutes out of your busy day to join with other area business, civic and governmental leaders to help us ascertain our community problems.

We feel that in this way, we can do a thorough job without taking a great deal of your time. Instead of ten separate meetings with each of the ten stations, we hope this one meeting will be short, informative and certainly important to our community.

If it is convenient to you, we would appreciate your attendance at the time listed below. We are attempting to interview as many as possible with as little inconvenience as possible. If the time is convenient, please RSVP as soon as possible to me or if another time would be more convenient, please let me know and we will make more convenient arrangements.

We appreciate your assistance and your cooperation to our community and look forward to hearing from you.

Sincerely yours,

Jim Springer
President
Coastal Bend Media Council
