Re: 19-81-50681 - Daniel C. Nieto vs Dix Shipping
File No.: 8-60044
D/A 9/25/81.

Dear Ms. Guy:

Receipt of your letter dated October 24, 1984 is acknowledged. It is our position that continued medical treatment for this injury by Dr. Hector P. Garcia is neither reasonable or necessary. We note that Mr. Nieto has been given a full, final and complete release by the treating orthopedic, Dr. Rufino Gonzalez.

We are certainly willing to discuss the matter further with Mr. Bonilla and/or have an informal conference if such is deemed necessary. In the event a conference is to be scheduled, we would appreciate at least 30 days notice so our file can be ordered from storage.

Sincerely,

Robert Shaw
