Mr. Paul E. Trujillo
Chairman
Green River GI Forum
P. O. Box 379
Green River, Wyoming

Dear Mr. Trujillo:

I have been anticipating receipt of a letter from you regarding the possibility of the Green River GI Forum hosting a joint GI Forum meeting with delegations from Colorado, Kansas and Utah.

Recently I received a letter from Mr. Juan Solis, Executive Secretary of Kansas, in which he states that such a meeting is a commendable suggestion. Colorado also favors the suggestion. Therefore, I will appreciate your comments and/or concurrence regarding same.

If this arrangement is favorable may I recommend that tentative dates be set for not later than the end of March in order that there may be no conflict with Queen Contests and convention dates which keep the Forums busy April, May, June and July.

I feel that Wyoming and Utah stand to gain much from such a meeting and I feel certain that the Green River Forum can do an excellent job of hosting this affair.

I will be glad to be the focal point for distributing the information about this meeting; therefore, you may forward all information to me and I will distribute it to Kansas, Colorado and Utah. May I hear from you at the earliest possible date.

Sincerely,

M. C. GALVAN
