May 19, 1970

Dr. Hector Garcia, M.D.
1315 Bright Avenue
Corpus Christi, Texas 78405

Dear Dr. Garcia:

A group of us on this campus have put together a Veterans proposal, which I have enclosed, as it seemed appropriate to let Mr. Rudy Ramos and yourself know of its existence. It is currently making the rounds of HEW offices in Washington, D.C.

I have asked Mr. Ramos to advise me on any matters that might prove beneficial to securing funding. If this proposal is read carefully, I am quite confident that people will see some very unique possibilities here at Claremont.

May I take this opportunity to say that I have, over the years, followed your role as a spokesman and leader for Mexican Americans in Texas. I followed especially your outstanding service as a U.S. Commissioner of Civil Rights. Dealing, as I do, with a number of our young college students, it is important to remind them that the movement did not start with them.

Dr. Garcia, please accept my warm regards. If you can assist me in the matter of this proposal, I will gladly pass on your guidance to my associates on this campus.

Sincerely,

Edward Quevedo
Associate Director
