

Season's Greetings

December, 1975

December is the most beautiful month of the year. It is the time that we prepare ourselves to bid farewell to the old year and look forward to making the coming year a more eventful and meaningful one.

December also is the time to pay special tribute to the greatest qualities of mankind--friendship and love. During the past year, you have showered us with the best portion of your life, "little, nameless, unremembered acts of kindness and of love."

Sharing in this joyous Christmas spirit, the staff of the Corpus Christi LULAC Education Service Center wishes to express to you a very Merry Christmas and may the joyous message of Christmas echo in your hearts all year.
