Comments unwanted

Editor, the Caller:

When the Corpus Christi Independent School District has a board meeting does someone from your paper call the "Bonilla Boys" or the Drs. Garcia (Hector or Clotilda) and ask for their comments? If so, may I suggest that this practice stop. Nothing constructive can be gained by asking someone that is always against, never for, or has any knowledge on education that could be of any help to anyone.

If these people require attention, let them do hand springs down Leopard Street, but keep their names out of the paper for a while.

Enough is enough.

JACK RUSSELL
