Dear Dr Garcia

Just thought I'd drop a few lines and see how your doing and to let you know that even here in Vietnam we read about the Great Mexican-American Leader Dr. Hector P Garcia.

I ran across this article in our newspaper and I thought that you may want it for your collection. Not much news except that last night we got hit with a few rockets but nobody was wounded or killed. We are thankful Charlie is a bad shot .

I think this is all for now , my regards to my fellow members of the Corpus Christi G I Forum.
