

March 5, 1961

Honorable Eugene McCarthy,  
U.S. Senator from Minnesota,  
Office of the Senate,  
Washington, D.C.

Dear Senator McCarthy:

I am enclosing a wonderful article that appeared in our local newspaper about you. I read the article and think it is wonderful. I thought you might to have a copy of it for your files.

I am also enclosing a copy of our latest American GI Forum News Bulletins. Certainly hope you enjoy reading it.

President Kennedy is doing a wonderful job and I hope that we can continue to help him.

Our migrant problem involving American workers of Mexican origin is still pitiful. I hope that all importation of braceros and other foreign workers are stopped until the unemployment decreases. A minimum wage of at least 75¢ should be set.

Keep up the good work.

Your friend as ever,

Hector P. Garcia, M.D.  
Founder
