Dear Doctor Garcia:

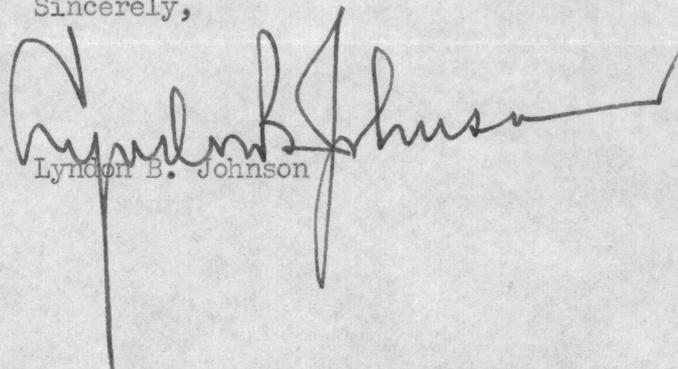

Thanks very much for your fine letter of March 5th, which reached my desk a few minutes ago, further regarding your nephew's visa problem.

Although I have not had a definite report from the State Department people about his case since my letter to you under date of February 23rd, I am going to get in touch with them again this afternoon in an effort to expedite action and obtain definite information as to its present status. Needless to say, I will keep in close touch with them in the interest of this application.

I deeply appreciate your kind remarks. To show that I have the good wishes of you and your organization certainly means a lot to me.

I don't know what the possibilities might be of obtaining former President Harry Truman or Governor Stevenson as your speaker, but I would suggest that you extend to them an invitation if you have not already done so.

Sincerely,

Lyndon B. Johnson
