

State of Texas
House of Representatives
Austin

February 28, 1978

Dear Dr. Garcia:

Please be assured that I, too, abhor the publication of unfounded allegations which would damage the reputations of any members of the House, the House itself or the Mexican-American citizenry of this state.

Rumors of alleged and unproven illegal acts do not deserve comment.

It is my position that unless concrete evidence is presented in any action against any House member, then I will support that member, whose duty it is to represent the people of Texas who elected him or her.

Further, I most ardently support the Mexican-American citizens of Texas and believe that this state would not be as great as it is today without the Mexican-Americans of Texas.

Sincerely,

A handwritten signature in cursive script, appearing to read "Bill Clayton".
