

OFFICE OF THE VICE PRESIDENT
WASHINGTON

April 11, 1963

Dear Hector:

In the Vice President's temporary absence from the city, I am taking the liberty of answering your recent letter in behalf of Mr. Henry Fasci. We would be pleased to endeavor to be of assistance to Mr. Fasci in his desire to secure employment in Texas and if there is any federal agency that is of interest to him, I do hope you will let us know.

You mentioned the Texas Liquor Control Board but unfortunately with these people being unknown to us, it would be improper for this office to attempt to intercede in their employment practices.

Possibly you have already done so but, if not, I would strongly suggest that you write Governor Connally in behalf of Fasci also.

Cordially yours,

Clifton G. Carter
Assistant to
The Vice President
