Dear Doc:

It was so very nice to see you - even so briefly - in Corpus in early May. Intended to write a line sooner but have been busy closing a deal to buy a home and move so the past two months have really been jammed full. We have a lovely place with plenty of room (this presumably is the final one) so if you are ever in Waco be sure & look us up and stay a while.

was certainly surprised at the things you have accomplished and the honors you have won - especially the medal from the president. You're certainly to be congratulated but it was evident from the days I first knew you that you had more on the ball than most.

I'm sure everyone in the ad outfit would be most pleased if you could make the 59th Reunion this year. (13, 14, 15 July, Halliday ~~Dr~~, Burlington Iowa - just call 1-800-553-2379 for reservations and this "chucks you in" with the people managing the reunion.) I've talked to almost all the officers & have any record of in an effort to get a good

turn out - Gissler, Holmes, Deats, Cityler,
Oliszewski, Kennedy and am still trying to
contact others. Its great talking over old times
with them but Im afraid Im not generating
as much enthusiasm for the reunion as I had
hoped. They are all afraid there wont be too
many officers they know, a lot talk of an
officer reunion here in Texas. There are quite
a few of us here.

As for me I have been to three - St Louis
in 79, Kansas City in 81 and Atlanta in 83 -
and find that a number of officers always do show
up but I have no problem enjoying the G.I.s.
Frankly I dont specifically remember too many
but it was all a common experience we shared
and I enjoy talking old times with them all.

Hope to see you in Burlington. If not
look me up in Waco or I may catch you
in Corpus some day when you have more
time than before. I have a son in Beaville
& get down there fairly often.

Sincerely
E.B.
