Dr. Hector P. Garcia  
3024 Morgan Avenue

Dear Hector:

The victory on the school segregation case in Texas should be a great incentive for the G. I. Forum to move forward into other fields of activity. I am, of course, telling all the groups about the tremendous task that was undertaken by the G. I. Forum and accomplished at great sacrifice.

It is too bad that some of the professional people such as other doctors, lawyers, teachers, and dentists who are actually the beneficiaries of this great work contributed little or nothing and in fact sacrificed nothing. I believe I told you in my last letter that I got better response from the garbage collectors on the discrimination case on the whole than from the doctors, teachers, and lawyers in Albuquerque; however I am going ahead and sending out more letters asking for contributions even though it will serve as an educational process and also serve to notify the people of the state who is doing the work which is making it possible for the Spanish-speaking people to progress.

I am sorry to hear about the 1000 Club which has not produced any new members. I have not been able to push this particular program due to the fact that I am asking for other contributions on the railroad case.

I will forward some ladies' auxiliary caps to you as soon as time allows.

Tu amigo,

*Vicente*
