Dear Mr. Embs:

This will acknowledge receipt of your kind invitation to attend the meeting sponsored by the Management of your firm on the premises of the Beaumont Works Plant at 9:00 a.m., February 28, 1974.

I understand that the purpose of this meeting is to acquaint me with job opportunities and basic job requirements so that I may serve as a referral source for Spanish Surnamed Americans seeking employment at your plant. I am very pleased with your intentions and unprecedented cooperation in initiating a healthy industrial advancement which will be rewarding for many years to come.

Please be advised that I enthusiastically accept your kind invitation and in the event pressing business prevents my attendance, I shall designate a deputy to personally represent me and shall report such change to Mr. Dennis Landry at Telephone Number 722-3451, Extension 575, not later than three days prior to the function.

Sincerely yours for a stronger and
better educated America,
