Mr. Robert McCuiston  
2606 Hospital Blvd.  
Corpus Christi, Texas 78405

Dear Mr. McCuiston:

According to Mrs. Betty Foster's statement in the Saturday, August 5, 1978 Corpus Christi Caller-Times, she stated that to her knowledge the memo sent out by Mr. D. R. Collins has not offended any employees at the hospital. Here is a word of wisdom--if she thinks for a minute that she has not offended the Spanish speaking employees, she is mistaken because "your" hospital, (taxpayer's hospital) has offended the Spanish speaking community of this city.

Also, she stated that no adverse comments were made by employees attending the meeting. Do you believe that people working for you, and you paying their wages are going to speak out and say anything against you?

I believe that the Spanish speaking employees at Memorial Medical Center should be treated with more respect and admiration because you will not find a more loyal group of people than the Spanish speaking people.

Sincerely,

A Concerned Citizen
