Ms. Eva Wardlow, General Manager
KORO Television
The Six Hundred Building, Street Floor
Corpus Christi, Texas

Dear Ms. Wardlow:

It has come to my attention that Vicente Caranza, a local citizen, has again been invited to participate in the program "Platiquemos" which is hosted by Linda Perales. It is my understanding that this is not the first time Mr. Caranza has been interviewed. While I have no objections to Ms. Perales interviewing anyone she wants to, I do object to having an interest in a television station that is being used by the town idiot for the purpose of attacking our family and other prominent citizens in this community. It seems to me Ms. Perales and the station could find other people more worthy of being interviewed. Certainly there are many people in the community who have done many constructive things who deserve to be recognized on this fine program.

May I suggest some thought be given to having people on the program who can contribute something of substance.

I am just tired of getting calls from some of my friends and clients to tell me that he is on the program again talking badly about our family. I hope you can understand my concern.

A copy of this letter is being forwarded to the Chairman of the Board so that he can be aware of my concern. Thank you very much.

Yours truly,

Tony Bonilla
